

Client By Design is set to launch it's newest Martial launch! Service, The FirstClass Booking System ( [www.FirstClassBookingSystem.com](http://www.FirstClassBookingSystem.com) ) on Wednesday - May 13th, 2009.

The FirstClass Booking System allows web site visitors to martial arts and fitness center web sites to choose, schedule and book (reserve) their own Martial Arts demo and trial classes.

A trial class is usually a school's first and only opportunity to make a good impression when a prospective student is trying to learn more about a particular martial arts or self defense school. The odd thing is that many inquiries are generated at odd hours of the night and morning when most businesses are closed. This system allows web site visitors who are thinking about taking their first class to go ahead and take necessary actions to do so right when they're considering it.

The system has a powerful contact tools including sending Outlook, Google Calendar, iPhone, Blackberry, Smartphone compatible reminders to potential guests to make sure they keep their appointments in mind. It, of course, sends contact information to school owners as well for follow-up and any special concerns or requests.

The system sports exportable appointment reports, customizable colors, recurring classes and more.

Another nice feature is the ability for guests to invite their friends to join them for a class! And the friend(s) will get the same level of follow-up to facilitate their attendance.

Accounts are \$99/Month - however, for a limited time - schools can get accounts for only \$39/Month if they [sign-up for a 45 day free trial](#).

[Allow visitors to schedule their own martial arts trial and demo classes even when your away from the office.](#)

Another powerful Martial Launch! Service developed by Richard Bailey and Client By Design, LLC for [Martial Arts Marketing and Promotion](#) .
